The linguaphone: The linguaphone is a kind of gramophone. It is **specially designed for helping the children in learning pronunciation or the other sound peculiarities of the language**. In a linguaphone a sound amplifier is always fitted. It can also reproduce the speech of the teacher instantly.

The study sequence, LISTEN, UNDERSTAND and SPEAK, used in Linguaphone courses is fundamental to the Linguaphone method of learning.

LISTEN

Listening to native speakers in your new language is the most relaxing and involved way to learn, helping you associate the sounds you hear with the words

and sentences you read. The native speakers on all Linguaphone courses begin by speaking slowly (but without distorting the intonation of the language) and, as the course progresses, speak at normal speed.

UNDERSTAND

By listening and reading the language, you begin to discover what each word means. Everyday objects have exciting new names. Gradually words, then phrases, become clear and your reading, writing and speaking of the language will improve.

SPEAK

Many people find that speaking their new language is the hardest part. But Linguaphone`s method makes sure that you start speaking from the very first lesson with the correct pronunciation. Imitating the voices of the native speakers on the course will help you get used to the intonation and accent. Later on in the course, you will have the opportunity to take part in conversations. Each lesson introduces new themes featuring useful words and phrases thus developing your conversational skills and confidence.

The Linguaphone is a four level program, meant for high school and college students and for adults. By spending just 30 minutes each day, we learn to speak English with fluency and command in 90 days and acquire a vocabulary of 2500 words.It is a state of the art,easy to use,seamlessly integrated program to learn English

Linguaphone is based on the Council of Europe Waystage Syllabus, which is a recognized syllabus. Anyone who successfully completes the program ,can expect to score at least 250 out of a maximum of 300 points on the TOEFL exam

Linguaphone is based on learning spoken English through the principle of Guided Total Immersion (GTI). Students will learn to think in English and speak in English with fluency and command

Linguaphone comes with a Correspondence Course. One book with tests for each level. When student completes the exercises it has to be sent to the Course Director. When all four courses are complete student will receive the Completion Certificate from Linguaphone Institute London

Linguaphone also has a unique feature of using the bi-lingual Dictionary in the language of one's choice. There are choice of eight languages : Hindi, Marathi, Gujarati, Urdu, Tamil, Telugu, Kannada or Malyalam

Introduction to Yoga and Meditation for NSS Volunteers of T.John College

Date:02-08-2019

In our increasingly fast-paced and technologically advanced society, it is absolutely vital that young people learn the necessary techniques for dealing with stress, anxiety, self-esteem, self-expression, peer pressure, anger, depression, and countless other issues they may face in the coming years.

Yoga and Meditation can contribute directly to improved mental focus and concentration among students. Both yoga and most forms of meditation include an increased focus on breathing techniques.

On 2nd August 2019, as part of club activity NSS Unit of T.John College invited Mr. Satyam, Yoga Trainer from Art of Living to introduce few basic yoga and meditation techniques to the NSS Volunteers as the first activity for the students enrolled in NSS Unit. The activity started with warming-up exercises, breathing techniques followed by short meditation. Students actively participated in the activity and at the end of the session they shared feedback that what changes they could see and realize after practicing Yoga and Meditation created the mind and body in a state of relaxation improved. The activity was organized by Mr. Arun Kumar.R and Ms. Vaishnavi.R, NSS Coordinators, T.John College.

Basic Yoga Techniques and Meditative Practices

Date:13-06-2020

The session was conducted by Ms Deedeepya Bhavani Chamarathy, who is a Hatha Yoga Practitioner and a member of the prestigious Isha Foundation. She is a soft skills trainer and a Meditation specialist. There were more than hundred participants from different background.

The session began with a lot of information about Yoga and the myths related to it. Ms Bhavani beautifully discussed the myths we have in mind about the concept of Yoga and Meditation. She explained that just as the law of gravity cannot be marked as being Christian because it evolved in the West. Similarly, Yoga cannot be tagged as being associated to Hinduism because it evolved in India.

The concept of Meditation was explained by Ms Bhavani as "Meditation is not an act but it is a quality." It is not an act to be performed but a quality to be cultivated.

While clearing these concepts she went on to lead a LIVE Meditation session on CHIT SHAKTI i.e Inner Peace. The session was extremely peaceful and fruitful as the participants gave positive feedbacks for the session. The speaker answered all the questions of the participants. She was very knowledgeable, gracious and humble in answering all the questions. On popular demand by participants Ms Bhavani agreed to conduct a series of such sessions through us.

The Webinar was successful and was highly appreciated by the audience and ended with encouraging and motivating words of TJC Principal Sister Rose Mary, who was an active participant in the session from the very beginning.

The Participants were given E Certificates from T John College and the recorded version of the session was sent by mail to the participants.

Guest Lecture on Mindfulness Meditation

Date:27-02-2020

A Guest Lecture on 'Mindfulness Meditation' was conducted for BBA VI Semester on 27th February 2020. by Ms. Sophia Ngangbam. She is the Head - Sales and Business Development at MAIORA Visionary & Founder of Be The You Foundation.

The Guest lecture is based on being mindful which is the basic human ability to be fully aware of their surroundings, knowing of where we are and what we are doing. It is not only the formal meditation but also being aware of the things one does every day.

She started the session with an activity and asked the students to state what they acknowledge in life. She also asked them to practice meditation for few minutes. This workshop was refreshing to the students for a while to rejuvenate their mind with the activity. It helped the students to introspect and realise the importance of what they have in life and how to be grateful to what they have. In this fast moving world, such a guest lecture is needed for the students to pause during their life to realise themselves and to be grateful for life.

KNOWLEDGE SESSION ON INFORMATION, COMMUNICATION, TECHNOLOGY (ICT) DAY

Date:04-04-2019

Women's Cell of T John College identified girl students of BCA, MCA, of Computer Applications department, T John College to attend a session on latest technology awareness and job prospectus in the respective fields in M S Ramaiah Institute of technology on March 4th,2018. The session was directly handled by experts from ORACLE with the theme "Expand horizons, Change attitudes" especially for girls.

The session started with explanation of "Cloud computing" and the different types of job available in that field for girls. Similar pattern of knowledge sharing was conducted on Big data, Cyber security, Block Chain etc. Students thoroughly enjoyed the sessions as it opened various paths for them in the job market that they were not aware of. The various queries of students were answered promptly and patiently by the experts. In total, it provided a great learning experience for our girls.
